**SUBJECT: ARROWHEAD REGIONAL MEDICAL CENTER – SECURITY FENCE AND GATES – APPROVE PROJECT, INCREASE APPROPRIATIONS AND ADVERTISE FOR BIDS**

**RECOMMENDATION:**

1. Approve the Arrowhead Regional Medical Center Security Fence and Gates project;
2. Increase appropriations and revenues by \$200,000 in the Capital Improvement Program as detailed in the Financial Impact section below (4 votes required); and
3. Approve plans and specifications, and authorize the Director of Architecture and Engineering to advertise for bids for Arrowhead Regional Medical Center Security Fence and Gates.

**BACKGROUND INFORMATION:** Currently the Medical Center campus has no perimeter fence and is an open campus. Due to parking security issues, the San Bernardino County Sheriff's Department and Healthcare Security Services recommends the installation of security fencing for the Medical Center's two staff parking lots. This measure will increase the protection provided to Medical Center employees, and provide protection against theft and vandalism to their vehicles.

This project is consistent with a County Administrative Office approved Capital Improvement Program request.

**FINANCIAL IMPACT:** This project will be 100% reimbursed from the Medical Center's FY 02/03 budget. Increase in appropriations includes consultant fees, construction and contingencies, project management and inspection costs.

Increase appropriations by \$200,000 in the Capital Improvement Program (CJV-CIP-3430-4030).  
Increase revenues by \$200,000 in the Capital Improvement Program (CJV-CIP-3430-9145).
